■ Jersey City's high-quality coffees

Dark Velvet and Other Coffees

Kobrick's, a coffee company that was started in 1920 in Hoboken, N.J., and is now at 693 Henderson Street in Jersey City, is an excellent source for high-quality coffees. Varietal coffees like Ethiopian Yirgacheffe and special blends are sold wholesale and retail. The blends, including one called Dark Velvet that combines Kenya AA, Colombian Supremo and Java Estate, are delicious. Most are also available decaffeinated.
